

News Release

Continuous growth at Arcplace AG

Swiss IT specialist expands Zurich office and moves to a new location

Zurich 02 November 2010

Since October 2010, Arcplace AG can be found at a new location in Zurich. The company's continuing growth made the move to the new, much larger office space, necessary. In addition to the Zurich office Arcplace also has an office located in Geneva.

Arcplace is specialised in scanning, archiving and backup solutions for a wide range of industries including: financial services and insurance, technology, public administration, industry, food sector, healthcare and pharmaceutical and the educational sector. Since the company's foundation in 2006, Arcplace has managed to acquire a reputation for business oriented, innovative solutions and reliable as well as rapid solution implementation and support.

This success is reflected in the increasing customer and employee numbers. During the past year the number of customers increased by about 40 percent to 130 customers at present. Accordingly Arcplace enlarged their team, which was more than doubled within the past year.

"Our old office space was bursting at the seams, so to speak," said Robbert Spierings, Managing Director of Arcplace AG. "We always liked Zurich's Seefeld district, therefore we only moved a few streets away to Wiesenstrasse. We are looking forward to welcoming our customers and partners in our new, larger premises."

Arcplace AG

Arcplace AG is a Swiss provider of Scanning, Digital Archiving and Backup solutions for the enterprise market. By combining state-of-the-art technology with innovative delivery models, such as Online, Cloud and Managed Services, Arcplace is able to offer companies of all sizes high-end solutions at attractive conditions. Arcplace's goal is to build solutions that improve efficiency, minimize risks and reduce overall IT costs. Alongside its solutions, Arcplace offers specialized consulting services to help organizations in all the phases of a project.

Arcplace AG is a privately held company with a share capital of 1 million Swiss Francs and a team highly experienced in developing, implementing and operating IT solutions and services in Switzerland and abroad. Since the company's foundation in 2006, Arcplace has successfully deployed Archiving and Backup solutions for over 100 companies across Switzerland and has developed a unique portfolio of Online Backup, Archiving and Scanning Services.
